Best way to contact: **by email**

## *Alfredo Lagos* *ICC Hon. Port Officer* *Vigo - Bayona*

You can contact me, Alfredo, at any time by email or telephone. I am an English speaker.

I can help you with all yacht services throughout the region: Customs, Immigration, Police, National Park permit, insurance claim quotations, surveys, winter storage, boat care etc.

Locally I can recommend restaurants, airport transfers, etc. There are many excellent marinas and boatyards in the area and I especially recommend Monte Real Club de Yates (Ch71) in the lovely nearby resort of Baiona, with discount to ICC members, and also, in the centre of Vigo, the Real Club Náutico de Vigo (Ch9).

My family are very well known here and throughout the sailing world of Galicia. Our family boatyard, established for more than 100 years, is in the Bouzas ship building area of Vigo and provides all services including haul out and winter storage. We know and can recommend the best technical experts close by in all trades and skills. Most spare parts can usually be obtained within 24 hours. We have our own family yacht, Onceta, a Beneteau 39 that we can also make available for charter. If you see us anchored at the islands or berthed in a marina, please come over and say "hello".

**I look forward to helping you.**
